Introduction

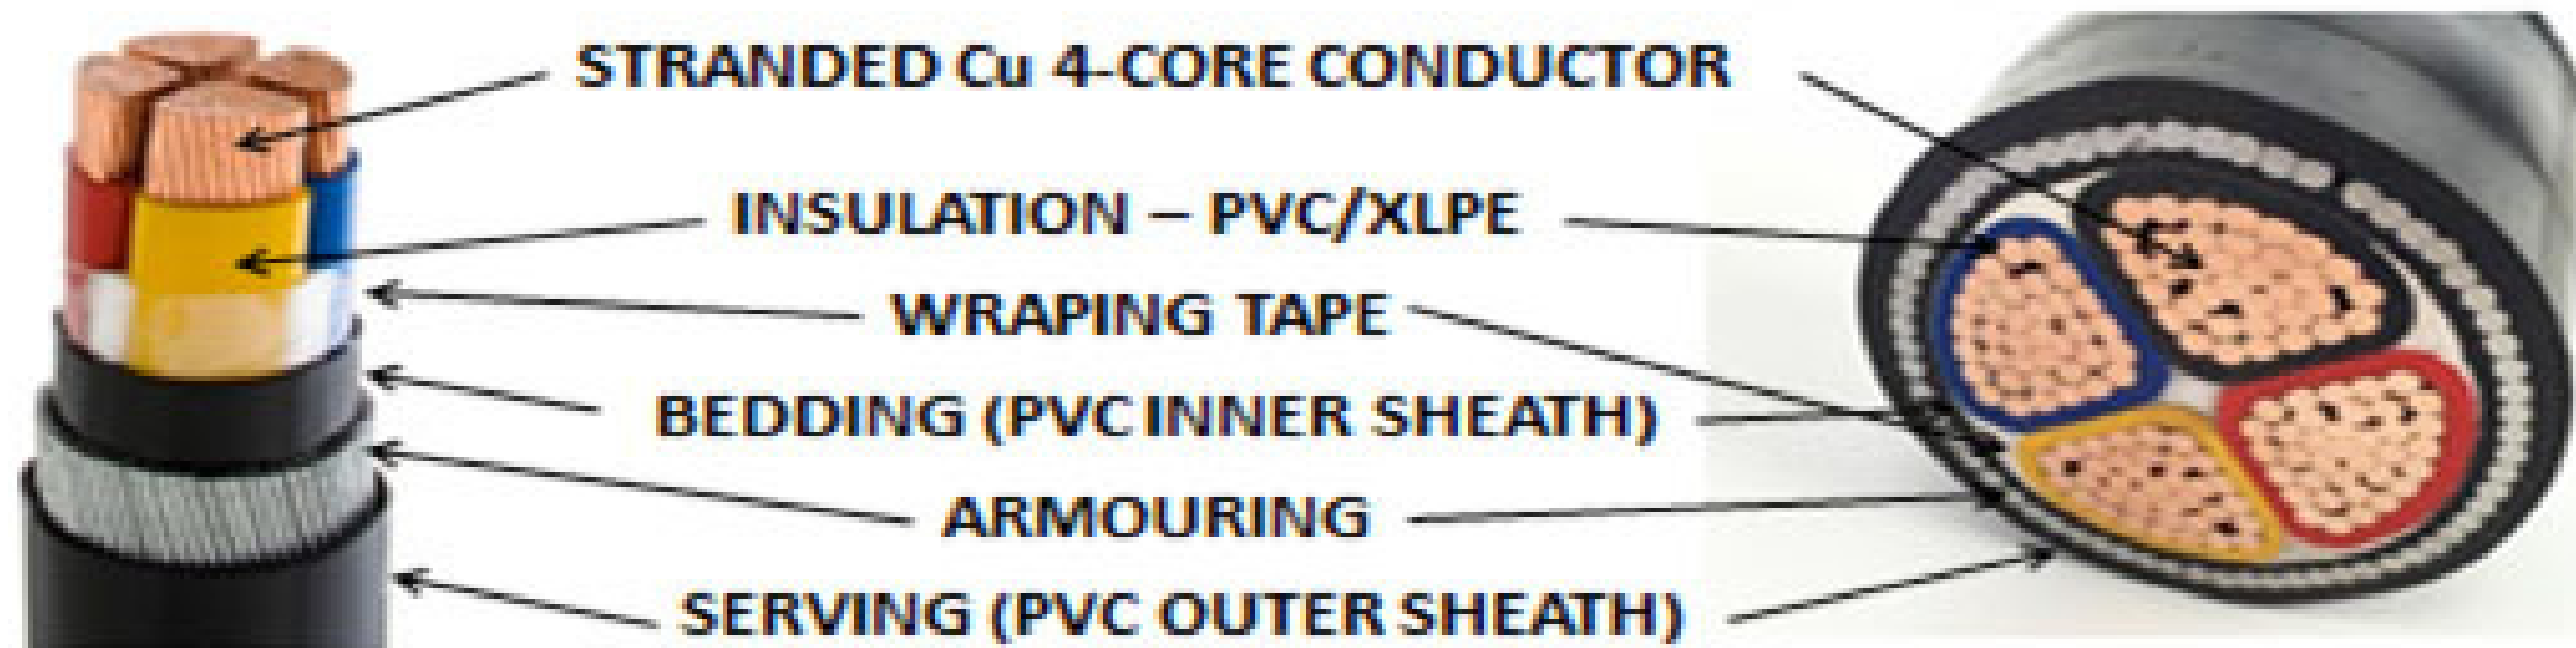

ELECTROSTAR CABLE, established in 1949 and based in Delhi, is a leading manufacturer of a wide range of high-quality electrical cables and wires. As the owner of the company, Mr. Ashu Garg brings expertise and vision to drive the company's success. At Electrostar cable, we specialize in the production of a comprehensive range of cables,

About It cable

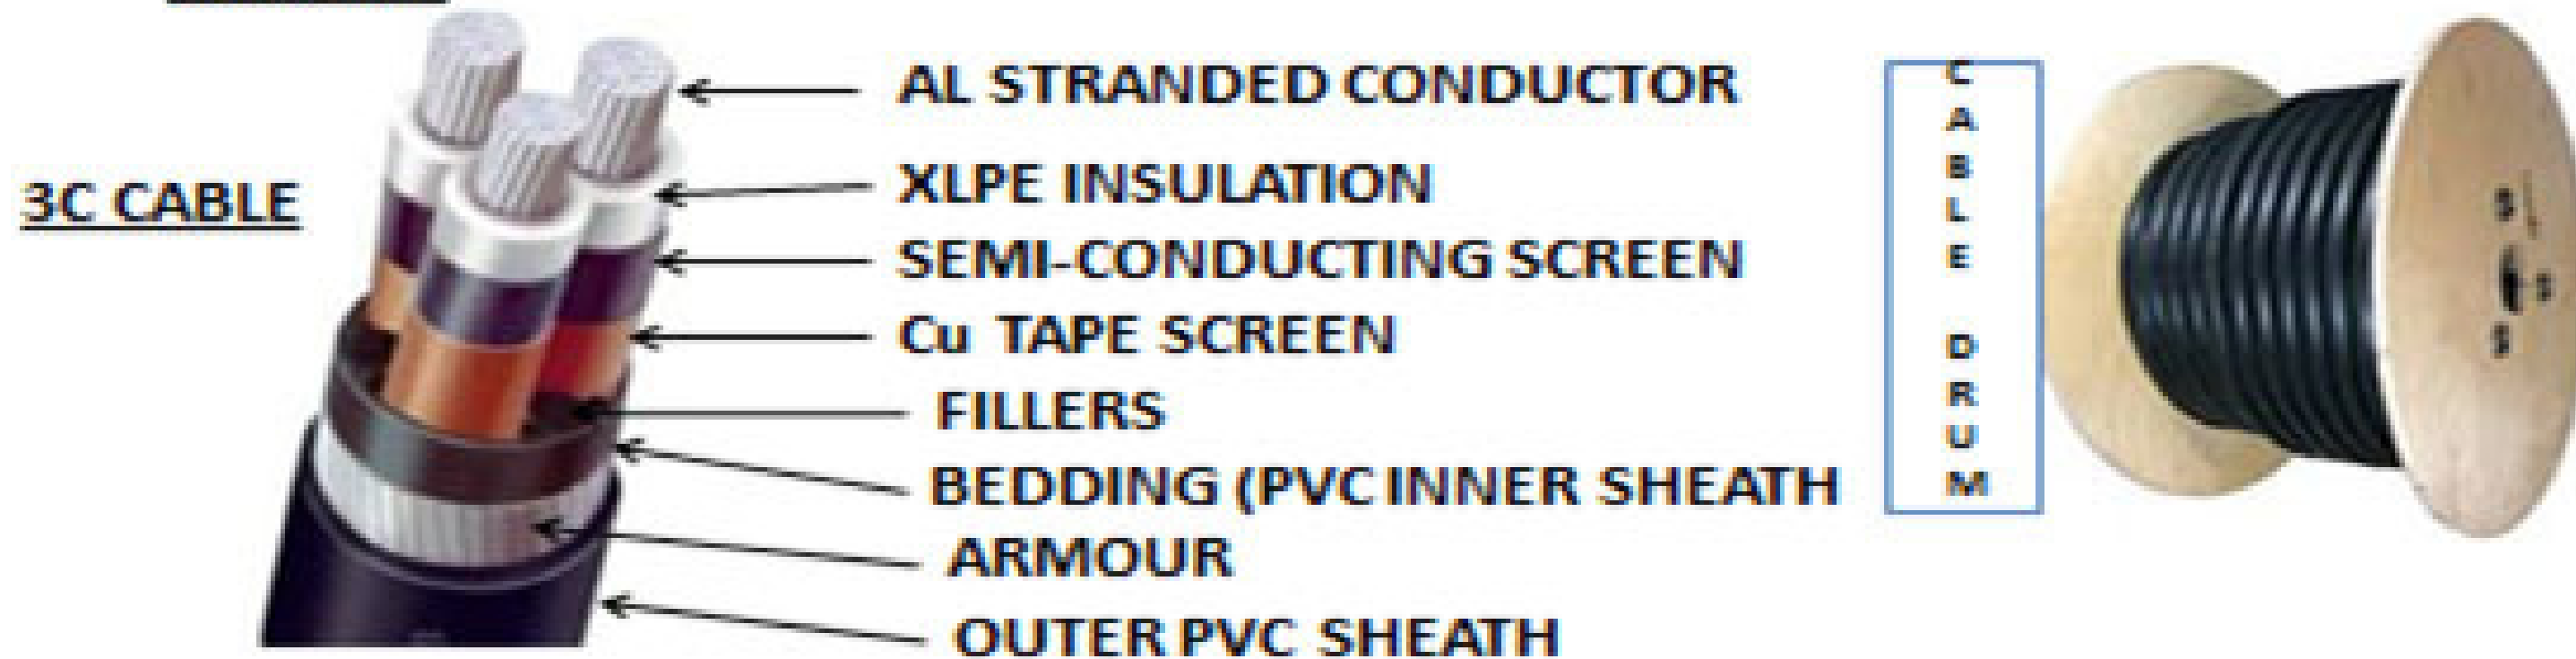

LT cables are Low Tension cables that are at low potential or voltage and are capable of operating only at low voltage. LT cables are available in different combinations with us such as Aluminium, Copper conductors, round solid conductor, stranded conductors etc. The cables have high conductivity and are extremely non flammable in nature. Our range of LT cables are preferred in developing urban complex because of high flexibility and quality.
